By MEL MOSE  
PARIS, July 1 (AP)—A self-described leader of the "Black Maquis" said today that 25,000 men were ready to lead a march on Paris at the appropriate moment to establish an anti-communist government.

Existence of the "Black Maquis" was disclosed yesterday by the Interior Ministry, which announced that it had arrested leaders of the movement for plotting to overthrow the republic and establish a "military dictatorship."

In today's interview the self-described "Black Maquis" boasted that every one of us they arrested there are two to take his place."

## Holiday Safety Urged

Mayor H. G. Lauterbach, joining in the national attempt to reduce holiday accidents, Tuesday issued a statement in which he urged all residents of Twin Falls to make a special effort to avoid accidents during the coming three-day Fourth of July holiday.

Following is the mayor's statement:

"I earnestly ask every citizen of Twin Falls to join with me in accepting personal responsibility for avoiding accidents over the Fourth of July holiday week-end.

Our community wants to take its rightful place in the nationwide Fourth of July program now being conducted by the National Safety Council to hold down the holiday accident toll.

"Let us not blacken this bright day of celebration of our nation's freedom and independence which should mean freedom, too, from the tragedy and suffering brought by accidents.

"Let each one of us dedicate himself to making this Fourth of July a safe and sane day of festivity."

## Marshall Denounces Aid Plan's Criticism

WASHINGTON, July 1 (AP)—Secretary of State George C. Marshall today denounced as "malicious distortion of the truth" charges that the American offer of aid to Europe was motivated by imperialist aims. In a speech before the Women's National Press club, Marshall indirectly answered a charge by Soviet Minister V. M. Molotov that the so-called Marshall plan was an overall economic program for Europe.

He did not mention Molotov of the Soviet union by name. But he said that despite past

## Final Session Being Held on Marshall Plan

PARIS, July 1 (AP)—The deadlocked conference of Russian, British and French foreign ministers convened this afternoon for its fourth and possibly last session to consider Secretary of State Marshall's proposal for American aid in European economic recovery.

Soviet Foreign Minister V. M. Molotov virtually had vetoed Marshall's plan, and British Foreign Secretary Ernest Bevin and French Foreign Minister Georges Bidault were reported ready to proceed in continental European planning without the Soviet union.

Attempt to Save Parley  
The French press agency said Bidault would attempt to save the conference with a compromise proposal, the terms of which were not disclosed.

British sources said the conference was not expected to last long.

Both British and French circles said "only a miracle" could save the conference from failure. The official French press agency said that after the final meeting a communique would be issued setting forth the impossibility of agreement.

Consider Molotov Plan  
The ministers were to consider a plan Molotov had proposed in answer to Marshall's June 5 offer of United States help in a European reconstruction program to be drawn up primarily by European nations.

SAN FRANCISCO, July 1 (AP)—The army transport Admiral W. B. Sims with 1,800 aboard for Japan, South and China went aground today near Yokohama, according to word received here by Brig. Gen. Neal H. McKay, commander of the San Francisco port of embarkation.

Captain Daniel Humphrey, master of the Sims, reported that the vessel was not damaged and that all hands were safe. All passengers remained aboard, McKay was advised.

## Convicted

The self-described leader said his organization was "passionately anti-Catholic" and was drawn "in large part from members of the resistance" during the last occupation.

He claimed that arrested were continuing and that "the son of an important government official" had been taken into custody.

The plotters, he said, had "no direct organizational continuity" with the old Secret Committee of Revolutionary Action (CSAR), also known as the "Cagouards" or "Hooded Ones," who were arrested on charges of plotting to overthrow the pre-war popular front government.

The man conceded that "some members of the organizations may have been members of the CSAR at one time" but would not say whether he was one of them.

## Searching for Body Stopped At Reservoir

JEROME, July 1 (AP)—Searching for the body of a young man who was believed to have drowned last Wednesday when his boat capsized at Magic reservoir south of Hallett, virtually has been abandoned, Sheriff Galen Hall said today.

A patrol party of four men is stationed at the reservoir to watch for the body's rise to the surface, the sheriff said.

Other Body Found  
The body of Mrs. Frewett was recovered Friday evening on the north shore of the reservoir after the Frewett boat was found Friday morning.

Hall said fishermen who were at the reservoir last Wednesday reported a fierce storm which made the water choppy and at times spouted water 10 to 12 feet.

Approximately 50 Jerome volunteers, manning an average of 20 boats, dragged the bottom of the reservoir Monday afternoon.

He said the attempt was unsuccessful because the boat might stay only partially submerged in the water.

U. S. contributions to the people of the world, there has been "little of favorable reaction from certain areas abroad" and "more of criticism than of appreciation."

"There could be no more fantastic misrepresentation, no more malicious distortion of the truth than the frequent charges of imperialism or implications that the United States had imperialist aims or that American aid has been offered in order to fasten upon the recipients some form of political and economic domination," Marshall said.

In supporting his accusation, Marshall said that the United States of America's aims since the end of the war:

1. The United States demobilized "the great contribution of military power that the world has seen" with "amazing rapidity," power that had been deployed from the islands of Germany and Japan.

2. Since the end of the war goods worth \$2,000,000,000 and valued at more than \$2,000,000,000 flowed into Europe from this country.

3. No political parties subservient to United States interests have been left behind in European countries to attempt conquest of governments from within.

4. No American agents have sought to dominate the police establishments of European countries.

5. No "joint American-European companies" have been forced upon reluctant governments. The Soviets have forced such joint companies upon all of eastern Europe and in their zone of Germany and Austria.

6. The United States has not helped to bring about a European reconstruction program to be drawn up primarily by European nations.

# "Flying Discs" Reported Soaring Over Galena in Wavering "V" Formation

The "flying discs" have invaded Magic Valley!  
About 4:30 p.m., Monday, eight to 10 of the much-publicized "flying discs" flew over Galena summit in a "V" formation. There were two eye witnesses—Hunter Nelson, forest ranger at the Russian John ranger station, and Walter Nichols, forest ranger at the Galena summit.

The two men were on timber on South Creek about three miles from Galena summit. Nichols said that he heard a sound that he heard directly overhead. Nichols said the "flying discs" were "V" shaped, shining and the two men saw them for about a minute before they went out of sight. Nichols said he heard a noise.

## 'Dead' Lad, 3, Happy, Talking This Fine Day

HOLLYWOOD, July 1 (AP)—A three-year-old boy was pronounced dead by doctors last night. Today, however, he was chattering happily in his mother's arms.

Lt. Gerald Gerald set a moment when he was left alone in his parents' home to pick up a piece of chalk. The chalk apparently settled in his lungs, cutting off his breath.

Choking and turning black from asphyxiation, he was rushed to general hospital. On the way, his pulse and breathing stopped.

Ambulance doctors pronounced him dead.

But at receiving hospital, Dr. W. A. Wright and Nell Walker, of the fire department rescue squad, put the boy under an oxygen tent and applied artificial respiration.

After one and a half hours, he began to breathe again. He was out of danger today.

## Provisions of New Rent Lid Law Revealed

WASHINGTON, July 1 (AP)—Under the new rent control law, federal controls in rental housing areas are continued eight months, until March 1, 1948.

Landlord and tenant may "mutually agree" to a rent increase of up to 15 per cent with a lease running through Dec. 31, 1948.

Sen. Hawkes, R. N. J., author of this clause, says a tenant doesn't have to agree to a boost. However, by refusal he might risk a bigger one next March.

A landlord who wants to evict a tenant may go straight to court and seek an eviction notice.

Evictions are permitted if the tenant is immoral or a nuisance, or if the landlord wants the property for his own use or wants to remodel or demolish it, or sell it to someone who wants to move in.

State governors are to appoint local boards of five citizens for each federal rent control area.

## Chiang Family Blocking U. S. Recovery Try

BY WALTER G. RUNDLE  
NEW YORK, July 1 (AP)—Generalissimo Chiang Kai-shek's in-laws can obtain \$25,000 of foreign exchange for importation of consumer goods—strictly banned by China's emergency economic decree—while American importers can't obtain \$10,000 to bring in machine tools to put a Chinese factory back in operation.

Official Chinese government agencies bring in, for private distribution, large shipments of such officially prohibited luxury items as automobiles, radios, phonographs, refrigerators, photographic supplies, while American firms are denied import licenses for pumps needed to reopen China's coal mines.

Firms operated by China's first family—the brothers and sisters of Madame Chiang, and their relatives thrice removed—are able to trade on

their government connections to obtain special privileges and to export dealer agencies from American agencies long established in China. These and other abuses—fully documented by American interests concerned—have throttled efforts of American private enterprise to participate in China's reconstruction.

And they form the basis for charges that China's bureaucracy and the first family combine are engaged in a calculated program to crowd American and other foreign interests out of the Chinese market.

All but a third of China's commerce is being monopolized by the "family" system of quasi-official enterprises and by the warlords, official Chinese purchasing agencies which China repeatedly has promised to withdraw from the peace-time field.

# Kidnap Fears Ended as Tot Is Found OK

LEWIS CAMP, Cal., July 1 (AP)—A state lion hunter, Ed Keeler, found a 2½ year old Gracie May Ogle on a mountainside here today a quarter of a mile distant from the two-story log cabin summer home from which she vanished last Sunday.

The flaxen-haired child, clad only in a shirt to protect her from the near freezing nights, was taken to the Westwood hospital, 13 miles from Chester, Cal., where her condition was reported as "good."

Recovery of the girl ended a widespread search of mountains and bog areas which already had contributed to one tragedy—the death of her grandfather, former Democratic Congressman John H. Tolson, Oakland, Cal., who died in Westwood hospital last night as the result of a heart attack from the shock of the girl's disappearance.

Keeler discovered the hungry and frightened child after 350 men resumed their search at daybreak today. They had planned to trudge much of the ground covered yesterday.

Found in Bushes  
Keeler, one of four hunters employed by the state to kill mountain lions, found the girl in a clump of brush. The fact that he was on horseback made it possible for him to see her, sheriff's deputies said.

Many, including the child's father, William Ogle, Jr., assistant district attorney of Alameda county, feared Ogle might have been kidnapped.

He was born Jan. 17, 1862, in England and came to Brigham, Utah, in 1901. He was married to Caroline Martensen in October, 1884, in the LDS temple at Logan, Utah.

Mr. Wagstaff is survived by his widow; three daughters, Mrs. Carrie Peterson, Perry, Utah; Mrs. Mary Peterson, Elwood, Utah; and Mrs. Hunt, Buhl; three sons, William, Glen and Arthur Wagstaff, all of Perry, Utah; 26 grandchildren and 14 great-grandchildren.

# Shooting War Over, Germans Find Other Means of Fighting

NEW YORK, July 1 (AP)—The shooting war in Germany ended more than two years ago, but Hitler and Goebbels haven't stopped fighting. They've only changed weapons. Today they are "fighting" the allied occupation powers with a powerful passive resistance movement and a mounting campaign of venomous propaganda.

They are playing one occupation power against the other. If they can keep the allies split . . . if they can "force" the Russians and the French and the Anglo-Americans to vie for German favor, then they still may be the victors. That was Adolf Hitler's final prediction, and that is what many Germans appear to believe today.

In two years of covering every occupation zone of Germany, this correspondent found fewer than half dozen Germans who actually seemed to regret that Germany plunged the world into war.

German utter a single word of appreciation for the thousands of tons of food sent from the United States.

Hitler rallied the Germans with the old formula of shifting the blame elsewhere. He delighted his audiences by denouncing the Jews and the Versailles treaty for plunging "Das Reich" into economic chaos after the first World war.

Today the Germans are being delighted by the similar technique of such ranting orators as Socialist Kurt Schumacher and Communist Wilhelm Pieck, who blame everything on Hitler and his henchmen—not on the German people.

It is of the Germans who either refuse to talk about Beisen and Buchenwald and Auschwitz or insist they don't believe they ever existed. It is of Germans who seem almost to glory in their misery and plight. They will dramatize their self-pity to any willing listener, but seem totally disinterested in hearing of difficult conditions in countries they ravaged.

They seem to feel it is the duty of America to send them food. Never once did this correspondent hear

# Deputy Reports Minor Accident

A minor accident, in which no one was injured and little damage done to two automobiles, was investigated by Deputy Sheriff Boyd Thirten at 8:45 p. m. Monday in Hansen.

The accident occurred when an automobile driven by Dale Kirkpatrick, Eden, backed into the car of Raymond D. Hise, Hansen, on a service station parking lot.

# Leader Avers 25,000 Ready Paris Capture

(From Page One)  
The informant would not specify where his alleged organization had its arms but said "an important center" was "the Breton Maquis—the same elements who added your American troops to advance from Normandy." He added: "They have kept their arms."

"Some names may come out in this which will surprise all of you who followed the fight to liberate France during the war," he declared. This reporter was summoned to the rendezvous by a note found at the Associated Press office. The note, in a plain envelope, was addressed "Most" and was signed "Jean." It said: "Meet me at noon at the corner of the Triomphe and bring this note and envelope."

When this reporter appeared at the appointed time holding the note, the man immediately came up and took it.

Earlier, Breton chapters of Gen. Charles De Gaulle's Rally of the French People (RPF) took steps to purge themselves of possible unwelcome elements after an interior ministry assertion that "Black Maquis" plotters had tried to worm their way into the organization.

While there was no hint of any direct connection between the RPF and the "Black Maquis" RPF leaders in Brittany warned that any members of their group found in possession of weapons would be dropped from membership.

# Education Board Sets First Meet

Doris Stradley, county superintendent of schools, announced Monday that the first regular quarterly meeting of the newly-formed county board of education will be held at 8 p. m. July 7 in her office in the courthouse. Purpose of the meeting is to plan the board's budget.

The new board is to meet in regular session in July, October, January and April. Special meetings may be called at other times.

# Accident Victim Temporarily 'Critical'

Ruth Philbrick, 17, still was in a "critical" condition, attendants at the Twin Falls county general hospital announced Tuesday.

She sustained a cerebral concussion and multiple minor injuries in an automobile accident near Twin Falls Saturday.

# 52 Children Get Clinical Treatment

Approximately 52 children from Twin Falls, Jerome, Gooding, Lincoln and Blaine counties have visited the crippled children's clinic, now in progress at the south central district health unit, Supervisory Nurse Dorothy Colford reported at noon Tuesday.

The clinic, offered Monday and Tuesday of this week, is a special event arranged to offer additional treatment between regular clinics held twice each year.

Specialists have been here to treat children. Because of limitation of facilities, it was necessary to limit treatment to those who arranged for appointments prior to the clinic.

Wednesday, the clinic will move to Rupert to offer treatment to children in Minidoka and Cassia counties.

# Lynch Mob Foiled In Kidnap Attempt

CARROLLTON, Ga., July 1 (AP)—An angry mob of 300 masked white men, unsuccessfully attempted to storm the Carroll county jail last night and remove a Negro accused of murdering a white farmer.

Deputy Sheriffs Russell Lambert and Otis King, Carrollton police and state patrolmen prevented what was obviously to be a lynching by refusing to let the mob enter the jail.

Police said the mob assembled at the jail about 9 o'clock and for the next four and one-half hours attempted to get inside the building for the Negro, identified as Eddie Brown, Jr. 20.

Brown was being held on murder charges in connection with the shotgun murder of Andrew Boyd, 25-year-old Carroll county white man.

Brown was secretly removed from the jail at 1:45 a. m. to Fulton tower in Atlanta—a stout concrete and stone jail—by state police.

# First Okayed 'Drink' Since 1915 Is Sold

(From Page One)  
As of today, at close of business last night, the state liquor law enforcement division had processed some 180 licenses for the near 130 Idaho cities and villages in which liquor can be sold across the bar.

In addition, about 275 barrenders have been licensed.

Of course, the number of bars will grow, but probably not as fast as some people expect. The liquor law is pretty tough.

"They make a crook out of you if you aren't one already," complained one Boise club owner.

The law says women can't work in bars. It says also that anyone with an arrest for liquor violation can't operate a club or tend bar, and the cops have knocked over a lot of bars in the last 32 years since repeal caught up with Idaho.

## Major Opines Scout, Cadet Lives Similar

MUSTAUOE, July 1 (AP)—Military training at the U. S. military academy, West Point, was likened to Boy Scout training by Maj. Otto A. Lee in an address before a court of honor here last night at which three Mustang youths were presented Eagle Scout badges.

Recipients of the highest advancement in Scouting were Bob Breeding, 16, the Snake river area council representative at the International Jamboree in France; Scoutmaster William Clawson and Assistant Scoutmaster Elmer Rees. The awards were presented by their mothers, Mrs. Bob Breeding, Mrs. C. G. Clawson and Mrs. Henry Rees.

Major Lee pointed out that the cadet prayer included the Boy Scout oath and nine of 12 Scout laws. He likened the cadet motto of "Duty, Honor, Country" to the Boy Scout motto, "Be Prepared."

He said all professions were based on early training of boys and young men and stressed the importance of Scouting in providing that training. Major Lee is a former member of troop 101, the same troop to which the three new Eagle Scouts belong. The army major also is an Eagle Scout.

Archie Adamson was presented a merit badge for handicraft work at the honor court.

## Tax Levy Power Granted to County Education Boards

BOISE, July 1 (AP)—The attorney general's office ruled today that county boards of education are taxing districts and are authorized to derive tax revenue from the issuance of tax anticipation bonds or notes.

Assistant Attorney General Robert B. Smylie held that the boards have authority to levy a county-wide tax for county school services not in excess of two mills on each dollar of assessed valuation of property in the county under the board's jurisdiction.

In an opinion for Alton B. Jones, state superintendent of public instruction, Smylie said "it seems to us quite clear from general tenor of

## Hearing on Hell's Canyon Dam Sites Set for Lewiston

LEWISTON, July 1 (AP)—The proposal to build power dams in Hell's canyon of the Snake river will be discussed at a public hearing called here for July 9, the corps of army engineers said today.

The hearing will be on the proposal to build plants upstream from the mouth of Salmon river. Proponents argue the plants are needed to take care of anticipated Pacific northwest industrial development, and that by placing them upstream there would be no interference with the run of salmon into central Idaho spawning areas.

Dams are proposed just above the Salmon river mouth and at a site 250 miles farther upstream near Homestead, Ore. The latter plant would back water almost to Weiser. An alternate proposal—to build dams downstream—was discussed last week at the interagency committee meeting in Walla Walla, Wash.

## Mrs. Vanderhoof Seeking Divorce

Suits for divorce on charges of cruelty were filed Monday in district court by Helen Vanderhoof against Bruce Vanderhoof, and by Katharine Kinkel against W. P. Kinkel.

Mrs. Vanderhoof seeks \$50 per month alimony and \$50 per month support money for her three children, one of whom she seeks custody. No property is involved. They were married March 24, 1946, in Occidental, Calif. Mrs. Vanderhoof is represented by Attorney Harry Benoit.

Mrs. Kinkel seeks temporary and permanent alimony and support money of \$100 per month, as well as court costs and attorney's fees. They were married Feb. 5, 1938, in Hutchinson, Kans., and have an 8-year-old son of whom she seeks custody. Their community property includes only personal property. Her attorney is J. H. Blandford.

EARLY TO BED

EARLY TO RISE

That's an old saying that promises health, wealth and wisdom. It may or may not work out that way, but one thing is certain—you'll want tap-ready hot water to wash in before going to bed, when you get up in the morning, and many times during a 24-hour day.

And it's easy for folks who live in the Snake River Valley to have an abundant supply of hot water. At Idaho Power's low electric rates it costs so little to operate an automatic electric water heater that 30 per cent of our residential customers already enjoy the conveniences of instantaneous hot water.

Ask your dealer to show you the improved postwar electric heater most suited to your needs. . . . No doubt he will recommend a 52-gallon tank for the average family.

## Tenants Face Big Gamble in Rent Controls

WASHINGTON, July 1 (AP)—Some 15,000,000 tenants pondered today whether to gamble 15 per cent higher rents now against the death of all rent ceilings next March.

The National Association of Real Estate Boards said most landlords can be expected to approve the 15 per cent "voluntary" rent boost approved reluctantly yesterday by President Truman.

Can Say No Under the law, tenants can say no. But for those who do, rent control, as extended yesterday, expires on March 1, 1948. Those who say yes can receive in return a lease at the new level running through 1948.

The joint rent action committee, a New York organization representing 83 separate groups, urged tenants not to sign. "The committee predicted landlords would open a 'war of nerves' to force their tenants' hands."

Pledges Fair Action Housing Expediter Frank R. Cresson meantime pledged fair administration of the law that President Truman charged had "irreparably weakened" federal rent controls. President Truman, who said he signed the extension because he had no alternative, asserted that it would force unwarranted rent boosts on millions of renters, to the benefit of landlords already making substantially more than before the war.

## President Signs, Plays Bill Giving Cash to Bureaus

WASHINGTON, July 1 (AP)—President Truman today signed the \$11,400,000,000 Treasury-post office appropriations bill but criticized what he termed the "gross inadequacy" of funds provided for tax collection.

"The administration of the taxing statutes should never be influenced by political considerations," Mr. Truman said in a statement, adding: "People of all political faiths are called upon to support their government through the payment of taxes and are entitled to adequate administrative controls to insure that the disbursement does not shift their share to the honest."

The total for the two departments is about \$850,000,000 less than Mr. Truman asked for operations in the fiscal year beginning today. But he objected specifically to a \$20,000,000 cut which he said was made in funds for the treasury's internal revenue bureau.

In his statement announcing signing of the bill, the President said the reduction in internal revenue bureau funds will mean laying off 4,000 to 5,000 employees "and will result in a direct loss of revenue of

## Exhibition of Irrigation Is Given in Area

Fifty-five farmers from Magic Valley and surrounding areas attended a series of irrigation demonstrations, conducted for their observation by the soil conservation service in the north side soil conservation district last week.

These demonstrations on conservation were sponsored by the supervisors of the north side soil conservation department for the purpose of acquainting farmers with advanced methods of irrigation. Soil samples were taken to determine soil types, depth to hardpan and depth to rockbed. Water measurements were also taken to determine the amount of water necessary to properly irrigate the fields without causing washing in the corrugations. On completion of the irrigation, farmers visited the lower ends of the fields to note the amount of run-off and the amount of soil carried by the various heads of water.

## Divorce Denied, Man Ordered to Support Wife

A divorce sought by Charles H. Ott was denied and he was ordered to pay \$75 per month for the maintenance of Emma N. Ott, in a decree rendered June 23 by District Judge Wiley Lee and filed Monday morning in the district court. In granting the divorce, Judge Lee also ordered Ott to support his wife. Ott is a resident of the district court. The decree was entered after Ott had been ordered to support his wife. Judge Lee also ordered Ott to support his wife. Ott is a resident of the district court. The decree was entered after Ott had been ordered to support his wife.

In his opinion, Judge Lee stated that Ott had failed to establish sufficient grounds for divorce, and that Mrs. Ott had established the material allegations of her answer and cross-complaint.

In a complaint filed Oct. 30, 1946, Ott accused his wife of extreme cruelty and charged she has a high and ungovernable temper. His complaint stated they were married Nov. 1935, and separated June 21, 1946. They have no children and their community property was not divided.

In her answer and cross-complaint, Mrs. Ott stated that after marriage, she worked continuously for Ott, and most of the time she worked under his supervision. She stated that Ott had been ordered to support his wife.

MRS. BILLIE SIFE  
(Staff engraving)

RICHFIELD, July 1—The Richfield Methodist church was the scene of a formal wedding Sunday, June 22, uniting in marriage Mar-

garet Louise Speedy, daughter of Mr. and Mrs. Robert Speedy, Richfield, and Billie Sife, son of Mr. and Mrs. Sife, Richfield.

Vows were exchanged before a background of pink and white summer flowers with tall tapers in floor candlesticks. The Rev. Marcus H. Bloodworth officiated at the double ceremony with the bride given in marriage by her father.

The bride's gown was made of white satin with a slight train, sweetheart neckline, fitted bodice and long pointed sleeves. Her finger-tip veil was held to her hair with a tiara of seed pearls. She carried an arm bouquet of pink roses tied with white satin streamers. Her jewelry was a single strand of pearls, a gift of her parents, and a white lace handkerchief as a token of sentiment.

Matron of honor was Mrs. Albert Sife, Welser, sister of the bride. She wore a pale pink gown with a corsage matching the bride's bouquet. Bridesmaids were Fay Johnson in a blue gown and Shirley Van Sant in pink. They wore pink carnation corsages.

Mrs. Richard Van Sant played the wedding march and accompanied her daughter, Carolyn Van Sant, who was vocalist.

A reception in the church parlors followed the ceremony. Fifty-five wedding guests attended. Musical numbers at the reception were presented by Miss Van Sant, Miss Marshall and Mrs. Ted Johnson, Ketchum. A humorous reading was given by Mrs. C. O. Chaffield.

THAT IS ONE LAW—YOU MAY DEPEND ON THAT THAT WILL ALWAYS BE ENFORCED.

WE WILL BE JUST AS HAPPY TO SELL TO ANYONE WHO ENJOYS NEW CARS TO GO AROUND BUT UNTIL THEN—HERE IS THE BEST THING YOU CAN DO TO GET YOUR MARKET HAS TO OFFER:
